Wheelchair Foundation Canada

The World Health Organization estimates that tens of millions of people in the world are in need of a wheelchair and cannot afford one. Our goal is to create awareness for the needs of the physically disabled and to deliver wheelchairs to children, teens and adults that lack mobility due to disease, accident, war or advanced age. These people and their families will have their lives instantly changed, being able to go to school, work, worship, or just outside for the first time in years, or ever. A wheelchair means Hope, Mobility and Freedom.

Wheelchair Foundation Canada has an exclusive arrangement with the Wheelchair Foundation which has been gifted a specific amount of funds to combine with each new donation to deliver wheelchairs. The Wheelchair Foundation will match any donations until these combined gifted funds have been exhausted.

A 280-wheelchair container costs \$61,600 to deliver by a 40-foot sea container to the country of destination, or \$220 per wheelchair. For a donation of \$30,800 the Wheelchair Foundation will match that and deliver 280 wheelchairs. Individuals or organizations that donate \$30,800 (which will be matched to deliver a full 280 wheelchair container) will have the opportunity to choose the country or region of the wheelchairs destination from a list of countries with which the Wheelchair Foundation enjoys established and successful distribution relationships. The Wheelchair Foundation distributes wheelchairs in the country of destination with approved distribution partners, who identify the recipients, and then properly seat them in their new wheelchairs, and return a photo of each recipient. The consignee can either arrange to have these services and fees donated or pay for them themselves.

Experience the joy of changing a person's life with the gift of a wheelchair!
