**The Proofs:** We are now using "Video Proofs", your proofs will be shown on a monitor. This new system is terrific, not only can you see your images after your sitting and in a large size but we can now zoom in to each face making it so simple to choose the best expression and to check for "blinks" etc. Old style paper proofs are not produced with the new system so there is nothing to take home.

**Payments:** We accept **Interac, Visa, MC, Cheque, Cash** and **PayPal** (PayPal accepts **Discover** and **AMEX** online)

**On-line proofing** is available to out of town clients.

**Pony Express Service** If you require photos mailed the cost is \$9 and up based on size and destination.

Our portrait photographs are retouched and printed on Kodak's Professional Supra Endura paper. These are real photographs, not ink jet and are printed at a professional lab.
